

MARSHALL SHERFIELD FELLOWSHIPS 2023

18. LETTER OF RECOMMENDATION

NAME OF APPLICANT:

The candidate named above, who is an applicant for a 2023 Marshall Sherfield Fellowship tenable for one or two years of post-doctoral research in science and engineering at a British university or research institute, has nominated you as a recommender. Please submit this form to prog.admin@marshallscholarship.org no later than **21 October 2022**.

The selectors would appreciate receiving **in confidence** your views on the applicant and would like to have your assessment of his or her academic ability, capacity for independent study and research, seriousness of purpose and adaptability. Your comments on the advantages that are expected to accrue to the applicant/institution from the proposed tenure in the United Kingdom would also be helpful. Please use the reverse of this sheet if necessary.

In appointing Fellows, the selectors will look for distinction of intellect and character as evidenced by their scholastic and other achievements. Candidates will be expected to pursue high level research during their Fellowship and to demonstrate an outward-looking disposition and the potential to promote British-American understanding.
