Scope of these accounts

Aims and objectives

The aims and objectives of the Marshall Aid Commemoration Commission (MACC or Commission) are set out below.

The MACC's aims are to strengthen US-UK relations and to promote British influence in the United States by providing Marshall Scholarships to US Citizens of high academic achievement, who have the ability to be leaders, opinion formers and decision makers in the United States and, by doing so, to express the gratitude of the British people for the Marshall Plan.

As future leaders of America, with a lasting understanding and appreciation of contemporary British society, Marshall Scholars will add to the enduring ties between the British and American peoples, their governments and their institutions.

The MACC's objectives are to strengthen the cultural, economic, trade, personal and historic ties between the US and the UK by using the Scholarships to

- motivate Scholars to act as ambassadors from America to the UK and vice versa throughout their lives thus strengthening British American understanding;
- raise the profile of the UK in the US, particularly among its young people;
- enable intellectually distinguished young Americans, their country's future leaders, to study in the UK;
- help Scholars gain an understanding and appreciation of contemporary Britain (including its role in Europe); and
- contribute to the advancement of knowledge in science, technology, the humanities, social sciences and the creative arts at Britain's centres of academic excellence.

The principal objective of the Commission's work is, therefore, to make the best arrangements possible to enable Marshall Scholars to carry out their studies and to put their awards to their fullest use.

Statutory Background and Historical Information

The Marshall Scholarships were established by HM Government under the Marshall Aid Commemoration Act 1953¹ as an expression of gratitude for the benefits received by the United Kingdom under the European Recovery Programme (known as Marshall Aid) after World War II. The Act, as subsequently amended, allows for up to 40 Scholarships per year to be awarded to American college graduates, for tenure for a degree course at any British university, for periods of two and sometimes three years.

The basic structure of the Marshall Scholarships scheme, as described in the Act, remains intact. There are now eight regional committees based on the Consulate districts in Atlanta, Boston, Chicago, Houston, Los Angeles, New York, San Francisco and Washington DC. Under the Administrative regulations these committees shall "meet twice annually. In early November they should reduce the applications for their region to a shortlist of not fewer than 15 and not more than 20 candidates. Later in November they should meet again to interview those on the shortlist and select therefrom their allocated number of candidates and three reserves, whose names will be forwarded to her Majesty's Ambassador in Washington for consideration by his Advisory Council. Her Majesty's Consuls-General at seven Regional centres and the Ambassador's representative, Washington, for the eighth, may, if necessary, call additional meetings of the Regional Committees; such secretarial assistance as the Regional Committees might need shall be provided by the Embassy or Consulate-General concerned."

¹ 1 & 2 Eliz. 2, c.39

The most dramatic change since the inception of the scheme has been the increase in the number of Marshall Scholarships. The number of new awards was increased from twelve to twenty-four in 1960, to thirty in 1973, up to forty Scholarships in 1991, and from 2004 to 2007 up to forty four. In 2008 thirty seven new awards were made and in 2009 forty new awards were made.

The Marshall Scholarship programme has established itself as one of the most prestigious scholarships for young Americans wishing to undertake graduate study for two or three years at universities throughout the United Kingdom. In the fifty seven years since the programme began, some 1500 American men and women have studied in universities throughout the United Kingdom.

Competition for Marshall Scholarship awards has been intense from the start. There are now up to 40 awards, and in 2009 there were over 23 applicants for each one.

Marshall Scholarship alumni occupy senior and influential positions in all walks of American life. They have included a Supreme Court Justice, members of the Obama administration, members of Congress, a Nobel Prize winner, Pulitzer Prize winners, leaders in journalism, academia, business, entertainment, sports, the military, science, engineering and law.

Accounting background

Under Section 2(7) of the 1953 Act the Commission is required each financial year to prepare accounts of expenditure in such form as the Secretary of State for Foreign and Commonwealth Affairs may, with the approval of the Treasury, direct.

Organisational structure

The Commission was set up under the 1953 Act to

- Administer the Grant-in-Aid;
- Select the persons to receive the Marshall Scholarships;
- Place the holders of Marshall Scholarships in Universities in the UK; and
- Oversee the welfare of the Marshall Scholars throughout their tenure in the UK.

The Commission consists 'of not less than seven nor more than ten members appointed by the Secretary of State, of whom not less than two shall be chosen as persons of eminence in academic matters and such one of the members as the Secretary of State may designate shall be Chairman of the Commission' *Marshall Aid Commemoration Act 1953*. In addition two Alumni Observers sit on the Commission. Commissioners are appointed initially for three years with the possibility of renewal for a further three years.

The MACC meets formally three times a year. In addition to the Audit and Risk Management Committee the MACC has two sub-committees, the Finance Committee, which meets three times a year, and the Education Committee, which meets once a year. These Committees are accountable to the MACC for financial and educational issues.

The Audit and Risk Management Committee members consisted of five non-Commission members and two Commissioners on 31 March 2010. The Chair is Mr Graham Benson (non-Commission). This Committee meets four times a year.

Membership of the Commission

Dr Frances Dow (Chair)	Former Vice Principal with responsibility for Development and Alumni Relations, University of Edinburgh
Prof John Caughie	Former Dean, Faculty of Arts, University of Glasgow
Prof Bob Deacon	Professor of International Social Policy, University of Sheffield
Prof David Eastwood (Deputy Chairman)	Vice-Chancellor, University of Birmingham
Ms Diane Flynn	Freelance Strategy Consultant
Ms Carol Madison Graham	Former Executive Director of the Fulbright Commission in the UK
Dr John Hughes	Robin Humphreys Fellow, Institute for the Study of the Americas, University of London
Mr Simon Morris	Secretary and Registrar, Keele University
Mr James Naughtie	Journalist, BBC
Mr James Ross	Deputy Chairman, National Grid Transco (retired)
Dr John Kirkland (Executive Secretary)	Deputy Secretary General of ACU

In the United States the Selection of Marshall Scholars is overseen by the British Embassy in Washington DC, and the Consulates-General in Atlanta, Boston, Chicago, Houston, Los Angeles, New York and San Francisco.

The Commission continued the arrangement under which its Secretariat is provided by the Association of Commonwealth Universities, whose offices at Woburn House, 20-24 Tavistock Square, London, WC1H 9HF, serve as its headquarters.

Review of Activities in the year

In the academic year 2009-2010, 53 Marshall Scholars were fully funded by the MACC. Two Scholars were fully funded by external bodies as follows

- one Scholar was supported on the Walter and Leonore Annenberg Marshall Scholarship funded by an endowment from the Annenberg Foundation; and
- one Scholar was supported on the BSUF Marshall Scholarship funded by the British Schools and Universities Fund (BSUF).

Twenty-two Scholars were jointly funded on Partnership Scholarships

- one Scholar supported on the Birmingham Marshall Scholarship;
- one Scholar supported on the Caius Marshall Scholarship;
- one Scholar supported on the Cardiff Marshall Scholarship;
- one Scholar supported on the Courtauld Marshall Scholarship;
- two Scholars supported on the Edinburgh Marshall Scholarships;
- two Scholars supported on the Guildhall Marshall Scholarships;
- two Scholars supported on the Imperial Marshall Scholarships;
- one Scholar supported on the King's College Cambridge Marshall Scholarship;
- one Scholar supported on the Merton Marshall Scholarship;
- three Scholars supported on the New College Marshall Scholarships;

- one Scholar supported on the Nottingham Marshall Scholarship;
- one Scholar supported on the Nuffield Marshall Scholarship;
- one Scholar supported on the Queen Mary Marshall Scholarship;
- two Scholars supported on the St John's College Cambridge Marshall Scholarship;
- one Scholar supported on the Sheffield Marshall Scholarship; and
- one Scholar supported on the UCL Marshall Scholarship.

These agreements include the MACC paying for the Scholars' maintenance costs and the partner university/college waiving the tuition fees.

A further four Scholars were fully funded under third year funding agreements with the University of Oxford and the LSE. One third year Scholar was funded under an agreement with the National Science Foundation (NSF), this agreement included the MACC making a contribution towards tuition fees and the NSF paying for the rest of the fees and maintenance. Two third year Scholars were funded on the Environmental Protection Agency Marshall Scholarship, one for Stanford University and one for Harvard University in the USA under the agreement with the EPA.

A total of 82 Marshall Scholars were funded either by the MACC or under funding agreements in the UK and two Scholars were funded under the EPA funding agreement in the USA. In addition one Marshall Sherfield Fellow was supported by private funds from the Marshall Sherfield Fellowship Foundation.

A full report of the Commission's activities, including details on Scholar distribution, selections and placements, can be found in its 57th Annual Report which will be submitted to the Secretary of State on 30 September 2010. The Commission is required by the Foreign and Commonwealth Office to submit an Annual Report on its activities from 1 October until 30 September of each year. Copies of the Commission's annual reports are available in hard copy, and also electronically on www.marshallscholarship.org

Future developments

Over the coming year the Commission will continue to confront several major funding issues. Firstly the overall Grant-in-Aid awarded has been reduced in real terms and therefore the number of Scholarships has been reduced accordingly. If this reduction in funding continues Scholarship numbers will decrease in the coming years. Secondly, the Commission is concerned about the significantly increasing tuition fees of British Universities. Indications are that throughout the university sector tuition fees may increase rapidly, and certainly above the rate of inflation. Thirdly, the Commission is also aware that maintenance rates for Scholars, through stipends and other allowances, compare unfavourably with those of other funders (eg the Research Councils). The Commission notes this disparity, and records its concern that some Scholars may be experiencing hardship due to lack of funds.

The Commission's objectives in the coming year will, therefore, include endeavouring to secure sufficient funding to ensure the continuation of the Marshall Scholarships and maintain the number of Scholarships offered each year. With this in mind the Commission has continued its policy of creating partnerships with leading British Universities.

Risk

The following key principles outline the MACC's approach to risk management and internal control. They are that the Commission should

- have responsibility for overseeing risk management within the organisation as a whole;
- have an open and receptive approach to solving risk problems;
- make conservative and prudent recognition and disclosure of the financial and non-financial implications of risks, whilst recognising them; and

- identify key risk indicators and closely monitor them on a regular basis.

The Commission's Audit and Risk Management Committee undertakes this role on behalf of the MACC.

The MACC maintains a Register of Risks and this is assessed and updated annually.

Financial results for the year

MACC received financial support from HM Government in the form of £2.2m Grant-in-Aid for the financial year 2009-2010 (compared to £2.2m in 2008-2009), as indicated in the annual allocation letters. This sum more than covered MACC's expenditure in 2009-2010 of £2,110,498. This underspend was planned to accommodate the fluctuations produced when two and three year scholarship commitments are made against fixed annual income.

However, MACC actually received £2,223,145 in 2009-2010, including £20,000 supplementary Grant-in-Aid as project funding. Allowing for the prepayment of third term tuition fees, the non-committed reserve for MACC grew to £231,024, compared to £73,369 at the start of the year.

The Scheme has attracted three third party funders. The British Schools and Universities Foundation donated £30,006; the Annenberg Foundation donated £18,894 from an endowment held by the Association of Commonwealth Universities; and the US Environmental Protection Agency donated £35,590. These donations fund additional Marshall Scholarships. Funds remain from the donation made by Cable and Wireless in previous years.

Management and employment

The Commission continued the arrangement under which its Secretariat is provided by the Association of Commonwealth Universities, whose offices at Woburn House, 20-24 Tavistock Square, London, WC1H 9HF, serve as its headquarters. The Commission itself does not have any employees.

Register of interests

Marshall Commissioners are required to complete a declaration of any interests. A copy of the Register of Interest is kept by the Secretariat.

Diversity and equality

In appointing Marshall Commissioners the FCO seeks to be open and inclusive and seeks to recruit and develop a diverse and talented Commission that is representative of society.

Non-current assets

No non-current assets were brought into use this year.

Charitable donations

No charitable donations have been made by the MACC.

Payments to suppliers

The MACC is committed to the prompt payment of bills for goods and services received. Payments are normally made as specified in the contract: if there is no contractual provision or other understanding, they are due to be paid within 30 days of receipt of the goods or services, or approval of a valid invoice or similar demand, whichever is later. The MACC has adopted the 'Better Payment Practice Code'.

Auditors

The MACC's accounts are audited by the Comptroller and Auditor General.

Issue date

The annual financial statements will be approved for issue by the Accounting Officer on 28 May 2010.

Statement of Commission's and Chairman's responsibilities with respect to the Financial Statements

Under the Marshall Aid Commemoration Act 1953, the Secretary of State for Foreign and Commonwealth Affairs, with the approval of HM Treasury, has directed the Marshall Aid Commemoration Commission to prepare for each financial year a statement of accounts in the form and on the basis set out in the Accounts Direction. The accounts are prepared on an accruals basis and must give a true and fair view of the MACC's state of affairs at the year end, its net expenditure account and statement of taxpayers' equity for the financial year. The accounts should be read in conjunction with the Annual Report of the Commission, the 57th of which, covering the year to 30 September 2010, will be published by the Stationery Office in early 2011.

In preparing the accounts, the Accounting Officer is required to comply with the requirements of the *Government Financial Reporting Manual* and, in particular, to

- observe the Accounts Direction issued by the Secretary of State, including the relevant accounting and disclosure requirements, and apply suitable accounting policies on a consistent basis;
- make judgments and estimates on a reasonable basis;
- state whether applicable accounting standards as set out in the *Government Financial Reporting Manual* have been followed, and disclose and explain any material departures in the accounts; and
- prepare the accounts on a going concern basis.

The Accounting Officer of the Foreign and Commonwealth Office has designated the Chair as the Accounting Officer of the MACC. The responsibilities of an Accounting Officer, including responsibility for the propriety and regularity of the public finances for which the Accounting Officer is answerable, for the keeping proper records and for safeguarding the MACC's assets, are set out in the Non-Departmental Public Bodies' Accounting Officer Memorandum.

In particular

- so far as the Accounting Officer is aware, there is no relevant audit information of which the Commission's auditors are unaware; and
- the Accounting Officer has taken all the steps that she ought to have taken to make herself aware of any relevant audit information and to establish that the Commission's auditors are aware of that information.

Statement on Internal Control

Scope of responsibility

As Accounting Officer, I have responsibility for maintaining a sound system of internal control that supports the achievement of the Marshall Aid Commemoration Commission's ('MACC' or 'Commission') policies, aims and objectives whilst safeguarding the public funds and assets for which I am personally responsible, in accordance with the responsibilities assigned to me in *Managing Public Money*.

The Commission works closely with the FCO's Public Diplomacy department which is represented at meetings of the Commission and its Committees. The Commission also works closely with the UK Ambassador to the US and relevant Embassy and Consulate staff.

The purpose of the system of internal control

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives; it can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of MACC policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically. The system of internal control has been in place for the year ended 31 March 2010 and up to the date of approval of the annual report and accounts, and accords with Treasury guidance.

Capacity to handle risk

The Commission's *Risk management policy* sets out its approach to risk management, the roles and responsibilities of the Commission and its executive and its risk management processes. The Commission and its executive seek guidance where appropriate from the FCO on risk management issues. In particular the Commission and its executive conduct risk assessments of some of its activities, eg the annual visit by Scholars to Northern Ireland, Scotland and Wales.

The risk and control framework

The Commission's *Risk management policy* and risk register are reviewed and agreed annually by its Audit and Risk Management (ARM) Committee. Risks are reported to the ARM Committee through the year, by e-mail if their comments are required before the next scheduled meeting.

Key business processes (financial and non financial) are documented.

No significant internal control failures occurred in the year. During the year, the risk of currency fluctuations was identified and reviewed, resulting in confirmation that the current practice of holding US\$ balances was optimal.

Review of effectiveness

As Accounting Officer, I have responsibility for reviewing the effectiveness of the system of internal control. My review of the effectiveness of the system of internal control is informed by the work of the ACU who have responsibility for the development and maintenance of the internal control framework, the ACU auditors, and comments made by the MACC external auditors in their management letter and other reports. I have been advised on the implications of the result of my review of the effectiveness of the system of internal control by the ARM Committee and a plan to address weaknesses and ensure continuous improvement of the system is in place.

All audit and review recommendations have been implemented and are fully operational.

The Chair of the Finance Committee regularly reports to the Commission on expenditure to date, forecast outturn and projections for future years. These projections enable the Commission to assess the potential impact of reduced Grant-in-Aid or increased tuition fees. The Commission has also considered, together with the FCO representative, the impact of any changes in visa requirements for US students.

The Certificate and Report of the Comptroller and Auditor General to the Houses of Parliament

I certify that I have audited the financial statements of the Marshall Aid Commemoration Commission for the year ended 31 March 2010 under the Marshall Aid Commemoration Act 1953. These comprise the Net Expenditure Account, the Statement of Financial Position, the Statement of Cash Flows, the Statement of Changes in Taxpayers' Equity and the related notes. These financial statements have been prepared under the accounting policies set out within them.

Respective responsibilities of the Commission, Chair and Auditor

As explained more fully in the Statement of Commission's and Chair's Responsibilities, the Commission and the Chair are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. My responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require me and my staff to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the Audit of the Financial Statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Marshall Aid Commemoration Commission's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Marshall Aid Commemoration Commission; and the overall presentation of the financial statements.

In addition, I am required to obtain evidence sufficient to give reasonable assurance that the expenditure and income reported in the financial statements have been applied to the purposes intended by Parliament and the financial transactions conform to the authorities which govern them.

Opinion on regularity

In my opinion, in all material respects the expenditure and income have been applied to the purposes intended by Parliament and the financial transactions conform to the authorities which govern them.

Opinion on financial statements

In my opinion

- the financial statements give a true and fair view of the state of Marshall Aid Commemoration Commission's affairs as at 31 March 2010 and of its net expenditure, changes in taxpayers' equity and cash flows for the year then ended; and
- the financial statements have been properly prepared in accordance with the Marshall Aid Commemoration Act 1953 and directions issued by the Secretary of State thereunder.

Opinion on other matters

In my opinion

- the information given within the Annual Financial Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which I report by exception

I have nothing to report in respect of the following matters which I report to you if, in my opinion

- adequate accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records or returns; or
- I have not received all of the information and explanations I require for my audit; or
- the Statement on Internal Control does not reflect compliance with HM Treasury's guidance.

Report

I have no observations to make on these financial statements.

Notes to the financial statements for the year ended 31 March 2010

1 Statement of accounting policies

These financial statements have been prepared in accordance with the 2009-2010 *Government Financial Reporting Manual (FReM)* issued by HM Government. The accounting policies contained in the FReM apply International Financial Reporting Standards (IFRS) as adapted or interpreted for the public sector context. Where the FReM permits a choice of accounting policy, the accounting policy which is judged to be most appropriate to the particular circumstances of the Marshall Aid Commemoration Commission for the purpose of giving a true and fair view has been selected. The particular policies adopted by the Marshall Aid Commemoration Commission are described below. They have been applied consistently in dealing with items that are considered material to the accounts.

a Basis of preparation

The financial statements have been prepared in accordance with the Marshall Aid Commemoration Act 1953 and directions made thereunder by the Secretary of State and with applicable United Kingdom accounting standards. They have been prepared under the historical cost convention.

b Government grants

Grant-in-Aid is received from the FCO in support of the Scholarship scheme. The grants are voted and received in respect of the financial year ending 31 March; however, they cover the university tuition fees for the academic year ending 31 July. Under resource accounting, the advance payment of the summer term fees is shown as a prepayment.

Grant-in-Aid is used to finance activities and expenditure which support the statutory and other objectives of the Commission and are treated as financing, credited to the General Reserve, because they are regarded as contributions from a controlling party, which gives rise to a financial interest in the residual interest of NDPBs. Grant-in-Aid is credited to General Reserve on a cash received basis.

c Other income

The Scholarship scheme also attracts additional funding from other parties which are shown separately as 'Grants and donations from Third Parties' and are accounted for on a receivable basis.

d Expenditure

Expenditure is accounted for on an accruals basis.

e VAT

As the supplies are outside the scope of VAT the scheme is not registered for VAT. Any VAT incurred on inputs is therefore irrecoverable and charged to expenditure in the year in which it is incurred.

f Taxation

As an Executive Non Departmental Public Body the Commission does not pay tax on its results for the year.

g Cash balances

All cash balances are held with commercial banks.

h Capital charge

A charge, reflecting the cost of capital utilised by the MACC is included in the Expenditure Account. The charge is calculated at the real rate set by HM Treasury (currently 3.5 percent) on the average carrying amount of all assets less liabilities.

9 Financial instruments

As the cash requirements of the MACC are met through Grant-in-Aid provided by the FCO, financial instruments play a more limited role in creating and managing risk than would apply in a non-public sector body. The majority of financial instruments relate to contracts to buy non-financial items in line with the MACC's expected purchase and usage requirements and the MACC is therefore exposed to little credit, liquidity or market risk.
